Meeting #7 – 11/02/20 – 30 Minutes:
- Members present: Gregory, Jake and Michael

Other Notes/Immediate Actionables:
- Jacob been researching UIkit to use for our css formatting
- Jacob and Michael to coordinate RE how tickets are formatted with css/front end design.

Meeting Questions:
1. What have I done since the last meeting?
2. What am I going to do for the next meeting?
3. What do I need help with?

Gregory Pohlod's Answers:
1. What have I done since the last meeting?
    a. Started activity diagram and class diagram
2. What am I going to do for the next meeting?
    a. Finishing diagrams and coding for iteration
3. What do I need help with?
    a. To know how the ticket database table is set up
    b. Know how the ticket creation classes are build by Jacob

Jacob Pauls' Answers:
1. What have I done since the last meeting?
    – Started flushing out use case and class diagrams for basic ticketing feature (Issue #4)
    – **UHDA Reborn:** started reconstructing the frontend from Iteration #1, should be done and updated in development by November 3 (Issue #46)
2. What am I going to do for the next meeting?
    – Finish UI makeover
    – Research and/or implement authentication to pass user context throughout application (hopefully not a **crazy** intense addition) (Issue #47)
3. What do I need help with?
    – Understanding and confirming table structure for ticketing data
    – Might need some time to jam with Michael over frontend ticketing stuff (how the ticketing frontend will be structured, sorting, etc)

Michael Wilson's Answers:
1. What have I done since the last meeting?
    a. Started working on the database design

      b. Started working on the employee home page jsp and controller

      c. Started use case and class diagrams

2. What am I going to do for the next meeting?

      a. Have a working prototype of the employee home page

3. What do I need help with?

      a. To get the ticket table set up for use

Next Standup arranged for: ___Thursday November 5th @ 4:00pm_
